

This is a **clear, structured, and detailed description** of the web application solutions, including all services and features based on your input:

---

## Onyinye Enterprise Comprehensive Event Planning & Logistics Platform

### Overview

Onyinye Enterprise is a **one-stop web application** for end-to-end event planning, management, and logistics services. It connects users with our vendors, simplifies event coordination, and provides cost estimates for weddings, traditional marriages, burials, corporate events, and more.

---

## Core Services & Features

### 1. Event Planning & Cost Estimation

- **Custom Event Planning** (Weddings, Traditional Marriages, Burials, Dedications, Corporate Events, etc.)
- **Budget Calculator:** Budget friendly cost estimation based on event type, guest count, and preferences.
- **Timeline & Checklist Management:** Automated reminders for tasks (e.g., venue booking, catering).
- **Vendor Recommendations:** Trusted vendors suggestion based on budget and past reviews.

### 2. User Services (User Management & Engagement)

- **User Profiles:** Personal & business accounts (attendees, planners, vendors).
- **Role-Based Access:**
  - **Clients:** Book services, track events, make payments.
  - **Vendors:** List services, manage bookings, receive payments.
  - **Planners:** Coordinate events, manage logistics.
- **Reviews & Ratings:** Users rate vendors and services.

### 3. Equipment Rentals

- **Rental Marketplace:**
  - Chairs, tables, tents, sound systems, projectors, etc.
  - **Real-time Availability Check** & instant booking.
  - **Pricing Comparison:** Users compare rental costs.

### 4. Makeup & Beauty Services

- **On-Demand Beauty Professionals:**
  - Bridal makeup, hairstyling, grooming.
  - **makeup catalogue:** Check our makeup catalogue before booking.
  - **Location-Based Artists:** Find nearby makeup artists.

### 5. Venue Selection & Logistics

- **Venue Booking System** (Hotels, Gardens, Halls, etc.)
  - Filters (capacity, location, price, amenities).
  - **3D Virtual Tours** for venues.

- **Catering Services**
  - Menu customization (per plate, buffet).
  - Dietary restrictions filter (vegan, gluten-free, etc.).
- **Security & Staffing**
  - Hire bouncers, ushers, event coordinators.
- **Photography & Videography**
  - Book professionals, view portfolios.

## 6. Outdoor Services (Food Sales & More)

- **Food Vendors Marketplace**
  - Order bulk meals (Rice & Stew, Soups, Small Chops, etc.).
  - **Delivery/Pickup Options** for events.
- **Other Outdoor Services**
  - Canopy rentals, mobile toilets, event cleanup.

---

## Additional Features for Seamless Experience

### Logistics & Operations

- **Real-Time Tracking** of vendors (e.g., caterer arrival time).
- **Inventory Management** for rentals (auto-reminders for returns).

### Marketing & Promotion

- **Event Page Builder** (Customizable event websites).
- **Social Media Integration** (Share events, boost visibility).

### Risk Management & Support

- **Cancellation/Refund Policy** for bookings.
- **24/7 Chat Support** for emergencies.

### Post-Event Features

- **Feedback System**: Rate vendors & services.
- **Digital Album**: Upload event photos/videos.

---

## Why This Solution?

- ▢ **All-in-one platform** (no need for multiple apps).
- ▢ **Cost transparency** (no hidden fees).
- ▢ **Time-saving** (automated planning tools).
- ▢ **Vendor trust** (verified reviews & ratings).
